Whether you're a wonder healer, a caller of spirits or a lover of black magic, they will find you. And on that day, they will boil your blood, singe your skin and make a point to burn your soul to the ground. From that lonely stake, you'll be left to contemplate your life of spell casting, obscure texts and a world operated between the shadows of night and day.

Convicted of a dark art, the crowd will gather to watch as they raze your earthen existence. An intolerable pain is the cross you'll bear that day as you are removed from this righteous world. No one will summon the courage to save you in fear of their life. It sucks. But such is the life of a witch. In honor of your fleeting existence, we brewed Witch's Wit. A crisp and refreshing wheat beer, it's exactly the sort of thing you might expect to find being passed around the center of the town on witch burning day. Say hello to the Prince of Darkness for us.
